Sufficient samples of the product/component/material have been analysed according to the following

analysed according to the following scope:

according to standard IEC 62321-5: 2013, Cr (VI) according to standard IEC 62321:2008 & IEC 62321-7-1:2015, PBB, PBDE according to standard IEC 62321-6: 2015

TR917134

As shown in the report (reference No.)

This Certificate of Conformity is based on analysis of the product, component or material and verifying the documentation being in accordance with the provisions of the Directive 2011/65/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment. It does not imply an assessment of the production. No amounts above the limits of these substances have been detected or if so specific exemptions are applicable. This result relates only to the item(s) tested.

This Certificate of Conformity does not give the right to use any SGS mark on products, components or materials, their packaging or any marketing material or activities.
